Kuraray Co., Ltd.

Price Revisions for Liquid Rubber and ISOBAM™

Kuraray announces its decision to upwardly revise the prices of Liquid Rubber and ISOBAM™, for shipments commencing Nov 1, 2021. Details of the revisions are given below.

Increasing feedstock prices, packaging materials and utility cost have increased the costs to produce these specialty materials to the level beyond absorbable by self-saving efforts. It is necessary to recover a portion of these increases to ensure ongoing supply and new product innovation.

Effective date; Shipments from Nov. 1, 2021

Products	Price increase
Liquid Rubber	US\$ 0.40/kg
ISOBAM isobutylene water-soluble resin	US\$ 0.40/kg
