Price Revisions for KURARAY LIQUID RUBBER

Kuraray announces its decision to upwardly revise prices of KURARAY LIQUID RUBBER for shipments commencing Sep 1, 2022. Details of the revision are given below.

Recent extra-ordinary cost increases in key raw material prices and trans-ocean forwarding have seriously increased the cost of these specialty materials to the level far beyond normal self-saving efforts. It is necessary to recover a portion of these increases to maintain business operations.

Effective date: Shipments from Sep. 1, 2022

| Products | Price increase |
